ROTARIANS FROM FRANCE, who were entertained by the Bethel Rotary Club this week (left to right): Maxim Bathet, Patrice Cassagne, Denis Levy, Dr. Joel Guillemin, Alain Colonna de Lega, and Bethel Rotary Club President Rollie Glines.

BETHEL ROTARY HOSTS GROUP FROM FRANCE

On Oct. 3, 4 and 5 the Bethel Rotary Club entertained a group of five Rotarians from France who are participating in the 1976 Rotary Group Study Exchange Program. The group included Denis Levy, Group Leader and a Professor of Constitutional Law; Maxim Bathet, a Budget Administrator; Patrice Cassagne, Maintenance Engineer; Alain Colonna, Applied Research Engineer, and Dr. Joel Guillemin, a Physician in General Practice. The group arrived from France Sept. 18, spent two weeks in Quebec as guests of various Rotary Clubs, and will spend another two weeks in the United States before departing for their return trip to France on Oct. 18 from Boston.

While in Bethel, the group toured the COMSAT facility at Andover, the Ekco plant at Locke Mills, the Chadbourne long lumber mill, Ed Quinn's Railroad Museum and the Moses Mason Historical Site.

Additionally, they received briefings on the White Mountain National Forest by District Ranger John Vrablec and an interesting talk on the mineral and gem wealth of Oxford County by Adrienne Saunders.

While in Bethel, they were house guests of Rotarians Ted Chadbourne, Val Gotjen, Dexter Landers, Ed Quinn and Dr. Om Wadhera.

On Monday, they traveled as a group and on Tuesday as individuals with their sponsors. Tuesday's activities included sailing, trips by air over Bethel, a visit to Mt. Washington's summit, model railroading, hospital tour, tennis and a tour of Gould Academy to mention only a few.

Tuesday night the Bethel Club hosted a farewell social hour and dinner at The Sudbury Inn and at about 8:30 the group left for Lewiston-Auburn, the next host club.

This is a continuing program of Rotary International designed to further International understanding. Next year Rotary will send a group of similar size to France for a one month period. Hopefully Bethel will have a member in the group.

DOLVEN RESIGNS AS HEADMASTER AT GOULD —EFFECTIVE JUNE 1977

Richard Dolven has announced his resignation as Headmaster of Gould Academy at the end of this school year. This is the ninth year he has held the position, and these years have seen many positive changes at the Academy. The enrollment has increased, the endowment has grown, the campus facilities have been improved and the curriculum has expanded in the areas of foreign language, history, science, and the arts.

Richard Dolven

During Mr. Dolven's tenure at Gould many new programs have added to the Academy's attractiveness as an independent college preparatory school. Among these are an outdoor program which takes full advantage of Gould's geographical location, the student work program, the foreign exchange program which has yearly brought 25 to 30 students to the Gould campus and allowed 15 to 20 Gould students to study for a term or a year abroad, and an advisor program which gives each student a special person on the faculty to whom he can turn for guidance.

A graduate of Rensselaer Polytechnic Institute and Yale Divinity School, Mr. Dolven was instructor, coach, chaplain, and director of the summer school at the Hackley School in Tarrytown, N. Y., and, for five years before coming to Gould, Assistant Headmaster and Acting Chaplain at Mercersburg Academy in Mercersburg, Pa. In addition to his duties as Headmaster at Gould Mr. Dolven also taught physics, chemistry, philosophy, and religion, and served for a season as J. V. soccer coach.

Mr. Dolven is currently a member of the New England Associa-

S. A. D. #44 BOARD LEARNS OF WORK COUNCILS—APPROVE PERSONNEL MONDAY EVENING

At their regular meeting held in the Telstar Library on Monday evening of this week, the M. S. #44 board of directors heard an explanation of the aims and hoped for results in a program of Community Education-Work Councils. The speaker, Gregory Smith, represented the National Manpower Institute, a Washington, D. C., based private non-profit organization that is actively seeking information on efforts around the nation that rely on cooperative processes, at the local level to bring the worlds of work and education together. If properly utilized, the National Manpower Institute believes that Community Education-Work Councils would tend to narrow the gap between secondary education and the world of work.

The board acted affirmatively on the following nominations: District Psychologist/Coordinator of Special Education Services, Arthur Froberg; District Speech Pathologist, Miss Helen Shavenell; Drama Advisor, Miss Christine Greenleaf; Boys' Skiing Coach, Robert Remington; Asst. Boys' Basketball, Tim Kavanagh; Adult Ed. Woodworking, Harry Strout; Full Time Bus Driver, Mrs. Grace Douglass.

Mr. Froberg, a resident of Bethel, is a graduate of Boston University and University of Missouri. From 1971 to 1976 he was affiliated with North Country Community Services of New Hampshire. Miss Shavenell holds a B. S. degree from the University of Maine, Farmington. She is certified in speech counseling, kindergarten through grade 12.

The board tabled any further action on a transportation policy revision until the matter had been reviewed once again by the Transportation Committee. The revision

tion of Schools and College Commission on Evaluation and Accreditation of Independent Schools in New England. He is past president of the Independent Schools Association of Northern New England and the Maine Association of Independent Schools.

The search for a new Headmaster for Gould has already begun with the appointment of a committee of trustees with faculty representation to find and recommend candidates for the consideration of the full Board of Trustees.

SAUNDERS' VOTING RECORD INCLUDED IN NEWSLETTER OF COMMON CAUSE

Rep. Saunders recently learned that her voting record in the 107th Legislature on key issues has been included in a newsletter released by the Maine Chapter of Common Cause, a national citizens' lobby. The votes tallied were selected by Common Cause of Maine, the Maine League of Women Voters and the Maine Audubon Society. Rep. Saunders favored fifteen of the sixteen key bills which included a measure to strengthen the farm and open space tax law, the "Bottle Bill", a measure requiring legislative approval prior to the siting of a nuclear power plant in Maine, the establishment of the Bigelow Mountain preserve, a measure for breader lobbying disclosure requirements, the establishment of single member districts in order to increase accountability of legislators in present at-large urban areas, for the advertising of prescription medicine prices, for considering the licensing of denturists, the override of the Governor's veto on educational financing, for the Spruce Budworm spraying program, and to allow the Board of Environmental Protection to grant time extensions to companies unable to meet the 1976 water quality deadline. Rep. Saunders voted against one of the 16 bills discussed by Common Cause; the reduction in the size of the Maine House of Representatives. Although she had been in favor of this reform prior to her election in 1974, experience with a rural district convinced her that the present size allows for workable legislator-constituent relations, which might be jeopardized by larger districts.

Common Cause of Maine plans to send a questionnaire to all candidates prior to the election, the results of which will be made public before Election Day.

CARD OF THANKS

We wish to thank everyone who sent cards to Alma while she was in the hospital, and also those who sent the beautiful flowers, and all those who helped out in our time of need. We also want to thank The Reverend Edward Gammon for his kind words at the Services.

There has been little fanfare about a TV program which has been broadcast in other places for some time but has just reached this area yet it may have more impact to the populace than any other single program. Its very early hour of 5 a. m. to 7 a. m. or late hour of after midnight may slow this impact.

THE SEVEN WONDERS OF THE WORLD

Rev. J. Philip Jackson, Ph.D.
Rumford Center Community Church

Jesus is greater than the seven wonders of the world. Isaiah the prophet, looking through the telescope of prophecy, said: "His name shall be called wonderful". Our LORD antedated creation, claimed to be greater than wise King Solomon, and made the startling statement: "Before Abraham was, I AM."

Consider carefully the following comparisons with the world's seven wonders.

One was the lighthouse at Alexandria, but Christ is the Light of the world.

One was the great pyramid in Egypt, but Christ is the Apex of all summits "far above all."

One was the statue at Olympia, but Christ is the express image of God's Person.

One was the Colossus at Rhodes, but Christ overtops and overmasters all giants of human history.

One was the "hanging gardens of Babylon," but Christ is the Tree of life, the plant of RENOWN the lily of the valley, the true vine and the Altogether lovely one.

Rev. J. Philip Jackson

One was the temple of Diana at Ephesus, but Christ is greater than all temples, for He was the Temple of God on earth.

One was a tomb, the Mausoleum at Halicarassus, but Christ is the Victor of all tombs, for He challenged death's authorship, defied its universal power, and is the Resurrection and the Life. We do not worship a handful of powdered bones in an Eastern shrine, but a Living Saviour!

Jesus built no university to promulgate His teachings, but said "Learn of Me." He never wrote a book or published His sermons, but is the inspiration of the finest thoughts in our libraries. He has engraved nothing in marble, but has written His wonders in the human heart and the glories of nature.

This wonderful Christ makes up the first part of the word Christianity. The major portion of the word Christendom is Christ. The Head of the true church is Christ. The Rock of Ages is Christ. The most outstanding, upstanding, forever-standing character of the centuries is Christ. He is "KING OF KINGS AND LORD OF LORDS."

LIVERMORE FINISHES STRONG —EDGE TELSTAR 15-12

Perfect-record Livermore High spotted host Telstar a two-touchdown lead but battled back for a 15-12 victory in a Mountain Valley Conference sizzler last Saturday.

By posting their fourth straight win, Coach Ron Beedy's Andies remained atop the circuit. The Rebels dipped to a one win, two loss, one tie mark.

Telstar took the opening kickoff and marched 64 yards to score in 15 plays. Halfback Mike Dunn reached paydirt on a seven-yard sweep around right end but the conversion was no good.

The Rebels made it 12-0 midway through the second period, advancing 68 yards to a touchdown after a punt rolled dead on the Telstar 32. On the third play from scrimmage, fullback Mike Brooks raced 65 yards off right table but again the kick failed.

Undaunted, the Andies came right back to put seven points on the scoreboard before halftime.

They rolled 67 yards to a touchdown in just eight plays. The score came on a 50 yard jaunt around left end by halfback Dennis Couture. Kicking star George Maxwell booted the extra point. Key play of this drive was a 30 yard pass from quarterback Ted Kennedy to end Maxwell on the third and 17.

The visitors took the second-half kickoff and drove 60 yards in 10 plays for the winning touchdown. Halfback Richie Allen scored it on a 20-yard burst off left tackle. On a fake kick, holder Kennedy passed to Maxwell in the end zone for a two point conversion.

STATE POLICE RECEIVING FALSE ACCIDENT REPORTS FROM CB OPERATORS

The Maine State Police have been receiving false accident telephone reports from citizen band (CB) operators.

"We appreciate hearing from those CB operators who indeed know the whereabouts of a real accident and this service not only helps us, but more important may save the life of a neighbor; however, false reports can lead to a real problem," said Colonel Allan H. Weeks, Chief of the Maine State Police.

"What concerns us," Col. Weeks said, "is a Trooper responding to a false alarm, when he could be available to provide assistance to someone in need."

When an individual calls a State Police Barracks with an accident or any other emergency report, the person should provide as complete information as possible—to include location, what the incident is, and who is reporting the incident.

STUDDED TIRES MAY BE IN USE ON MOTOR VEHICLES AFTER OCTOBER 1

The Maine State Police advises motorists that the new Maine law regarding the use of studded tires on motor vehicles is in effect.

"After October 1, motorists who desire may use studded tires; however, they must be off the vehicles before May 1," said Colonel Allan H. Weeks, Chief of the Maine State Police.

The law (Sec. 1375, motor vehicle code) states that tires having metal studs, wires or spikes protruding from the tread cannot be used on Maine roads during the period from the first day of May to the first day of October.

"Get in the know about alcoholism—the family disease. You can help combat this #3 killer in the country by knowing more about it. It's lurking in the homes of your friends and neighbors—only 5% are in skid row hangouts.

The television media is offering two specials this month. They both focus on what the disease does to all the sick people involved in the alcoholic struggle.

Letters to the Editor

Bethel, Maine
October 5, 1976

Bethel Citizen
Bethel, Maine

To the Editor:

Please permit me to express the view that Karen Brown who is running from our legislative district would be a fine representative for our area. A lifelong resident she possesses the youth, education and vigor to accomplish much for the district. She already has considerable experience in public affairs. She is a very independent person who will resist the special interests and political bosses, but will be responsive to our needs. I hope everyone will go to polls on November 2 and support her.

Sincerely,
Edith H. Eypper

Oct. 6, 1976

To the Editor:

Thank you for allowing me to use your columns to discuss with the voters of this legislative district (63) several of my concerns and proposals in order to assist them in making a decision on Nov. 2.

My basic philosophy of government is similar to that of Thomas Jefferson, that government is best that governs least. There are several areas that government is inescapable, we can't do without it. But those agencies that must exist should be very efficient and responsive to the people they serve, since it is the taxpayers of this state that support them. I will do everything in my power to see that our state government becomes more efficient and responsive to the people of Maine and District 63.

But I will go further than that. I advocate that every agency be required to justify their budget each year, operate effectively without duplicating services. Bureaucracies tend to feed upon themselves and add to the burden of Maine's hard pressed taxpayers. It is time to legislate efficiency and responsiveness.

Sincerely,
Karen L. Brown
Legislative Candidate
District 63

To the Editor:

At a regular meeting held Tuesday, Oct. 5, 1976, the Lions Club of Bethel voted to support the resolution submitted to the Bethel Board of Selectmen by the Rotary Club of Bethel. The Lions Club will support the appropriate action of the Board of Selectmen.

John Rayne
President

To the Editor:

The resolution of the Rotary Club of Bethel expressing concern for improved maintenance of law and order in Bethel Village has come to the attention of the Greater Bethel Chamber of Commerce. Let it be known that the Directors of the Chamber enthusiastically support the intent of the Rotary Resolution, and, in the spirit of regaining confidence as it relates to safety on the streets as this affects our local businesses, the Directors urge that appropriate actions be taken.

WEST BETHEL CHILDREN'S CENTER

We sure can't complain about this beautiful autumn. The trees around us are just vibrant with colors. The children have been on a field trip where they collected many colored and different kinds of leaves. Once back to the center they pressed them between sheets of waxed paper. The finished products are now brightening up our windows.

Other activities of the week have been boat making, finger painting, book writing, water play and easle painting.

The children's center is looking for people who would like to volunteer for us once in a awhile. As volunteer you will interact with and assist children during free time and scheduled activities. Help children at clean-up time, participate with staff and help with hand washing, teeth brushing, and at meal time. You will also be called upon to help during outdoor activities and scheduled field trips and assist at nap time. If you enjoy children and being with them your time at the children's center will be very worthwhile and appreciated. If you are interested call us at the Center, 836-3700, or Community Aide Louise Chapman, 824-2284.

Our thanks to Ruel and Maureen Swain for their donation of potatoes and wild grapes, Tom and Sandy Caton of the Congregational Church for garden produce, and thanks to Clukey's for the toothpaste.

We are in need of curtain rods and a wooden clothesdryer. Also Lynda needs a flour sifter and a bread basket.

Wednesday: Meat loaf/mushroom gravy, mashed potatoes, beets, baked custard/milk.

The next meeting of the Bethel Hospital Auxiliary will be Monday, Nov. 1.

WORLD WAR I BARRACKS & AUXILIARY MET TUESDAY

The Barracks and Auxiliary of World War I #2943 met at the Legion Hall, Tuesday, Oct. 5, for their regular monthly meeting. It was preceded by a "boiled dinner" with all that goes with it, plus various kinds of pies.

The head table was decorated in Hallowe'en colors with autumn plants. Seated at the head table were Leona Curtis, President, and Commander Albert Skillings; Dept. Pres. Elsa Seeger, #2330; Elmira and Floyd Chase, #683, Augusta; Eva Starrett and Marion Alden of Jefferson; Paul Head, and Agnes Chase, Chaplain, who gave the blessing. Thirty-six members and guests were present.

The Auxiliary meeting followed with Leona Curtis presiding. All officers answered the roll call. Thirty members and guests were in attendance.

Two applications were read, daughters of World War I, Gail Scribner and Georgia Brooks, and accepted.

A Council meeting is being held Saturday, Oct. 16, at the Steer House in Winthrop. Fourteen members plan on attending.

An invitation to attend a reception being held at the Legion Hall, Damariscotta, 2-4 p. m., Oct. 24, for Dept. President Elsa Seeger, was read.

Dept. Pres. Elsa Seeger spoke on her trip as a delegate to the W. W. I National Convention held Sept. 3 at the Madison Hotel, Minneapolis, Minn. Elmira Chase spoke on veterans affairs and Togus.

Iola Forbes, audit chairman, gave the books an O.K. A thank you from Ruth Cole for her get-well card was received. The newsletter will be out in October.

Gifts were presented to the guests by President Leona Curtis on behalf of the Auxiliary.

The committee for Nov. 2 is Olive Head, Mary Bishop and Mabel Robertson.

Newry

— Miss Amy Hanscom, Corres. —

Representatives of the State Department of Transportation and local selectmen will meet with abutting land owners at the Raymond Foster School Oct. 19 at 7 p. m. to discuss plans for reconstruction of a section or sections of Route 26 in Newry. Sections to be considered are Wight Brook Bridge and a section of highway near the residence of Roy Bennett. Both would eliminate bad curves, where there have been several accidents in the past few years. The Selectmen have been conferring with D. O. T. officials for some time about these danger areas and after meeting with the Selectmen last fall, the D. O. T. surveyed the area to determine the need for reconstruction. It is hoped that sufficient funds will be available so that at least part of this project may be started at least by next spring.

Road Commissioner James Duran and his crew installed new steel girders and a steel and concrete floor on the Chase Hill Brook Bridge last week. A similar job was done on the Lower Branch Brook Bridge last spring, and on the upper Branch Brook Bridge in the fall of 1974. This completes the project of replacing the old wooden bridges on this road, which had been very costly to maintain. All bridges on this road now have stone or concrete abutments, steel girders and steel and concrete floors. The project was done with Federal Revenue Sharing Funds, and will eliminate costly maintenance on these bridges.

Mrs. Suzanne Hayner, Glastonbury, Conn., was a week end guest of her mother, Mrs. Mary Tripp.

Mr. and Mrs. Roland Tyler, Dixfield, attended the Woodmen's Day at Fryeburg Fair.

Mrs. Oiva Whitman and Debbie, and Jeffrey Oja of South Paris, visited Gail Scribner Sunday afternoon.

Mr. and Mrs. Bernard Scribner were dinner guests of Mr. and Mrs. Kendric Scribner Sunday.

There will be a meeting of Alder River Grange Friday if possible.

Mr. and Mrs. Fay Ham, Norridgewock, were Sunday visitors of Mr. and Mrs. Rodney Howe.

Greenwood City —

— Mrs. Colista Morgan, Corres. —

The mellowness which September's land has blessed us with, now whispers of autumn, October, and the sight of glory on the hills. I enjoyed this in every direction as I went boating one afternoon.

When I left shore, two ducks swam just across from me. I was surprised that they showed no concern at my approach to them. When close enough, I snapped a picture and then left to go down pond. There was just enough current to drift while I watched the fantastic growth beneath the water like the surface of a strange planet.

Then I picked up my oars to row toward the mouth of Sanborn River. When rowing I never think of the amount of exercise it is But all muscles do work, legs, stomach, thighs, wrists, arms, and hands as the oars are pulled to push on through the water.

At the Sanborn I stopped to watch the flow of birds flying against the color of the swamp maples. It's the migratory season and they are enjoying, as was I, the golden autumn day. Nothing could destroy the zest and richness it offered.

"They talked and chatted quite a while
About which route they'd fly;
Each spoke his mind and had his say,
And then all voted "Aye".
And off they flew from every limb
With their chorus of "Goodbye";
And, bobbing up and down, they went
Across the clear blue sky."
—Hazel Magee Squier

I'm rich with water; two ponds and a river. The one into which the Sanborn flows is the bigger pond. Just west of the house the pond is muddy and rather shallow where weeds and water plants take over at times. However the red winged blackbird arrives there in April to raise young while the frogs and peepers raise cain. Ducks guide their families here, herons stalk, bitterns drive their stakes. There's a lively noisy time.

Today, as I neared back shore, all this, except the quacking of ducks had vanished until another year.

Near the highest point on shore I looked up to where three pines grew well up the cliff. A blue jay yodled in, and alighted on the top. Then its voice loud, harsh, strident, cut through the air; no doubt warning other birds and creatures of the monster at the waters edge.

Rarely do we observe the exact time of the songbirds departure but we realize at sometime that the companions of our summer days have been swept away; but not the blue jay.

I rowed to the very end of the pond and visited the muskrat swimming in the outlet among the cattails. He plunged and disappeared, then appeared again, circled, dived and kept in motion.

I could view the entire distance of the ponds from this spot and note the changes on the hills. The sumacs were sending forth their fire along the road side. Trees at my left had donned rich garments of scarlet and gold. From behind these I heard and caught a glimpse of the falls.

A breeze had come up and a frowning cloud covered the sun for a time. But I did not rush for this was a day for life unhurried. I rowed now against the wind a few leaves flushed with adventure, spiraled down to ride the waves beside me.

When I arrived at my "boat tree," I pulled the boat out, turned it over, locked it, and stood to look about. There was silence and a soft purple haze shimmered over the land; September's farewell to a summer that has slipped away and a greeting to October's tangy scented woods, decked in wealth of red and gold.

Rolly and Doris Hayes will be celebrating their 50th wedding anniversary on Oct. 16 at the West Paris Grange Hall at 7:30 in the evening. All friends and relatives are invited to attend and enjoy the evening with them.

Fay Holt and Edith Gardner were in Boston on Monday where Fay had eye treatment.

I went with Ruth Hastings to the farm of Lettie Brooks to meet with Zeta Chapter of Delta Kappa Gamma on Saturday. There were 23 who attended. The day was superb and the foliage beautiful so everyone had a nice time.

The Hayes family took dinner with Ardell and Betty Hayes of Auburn on Sunday.

Dorothy Curtis who has been visiting her sisters in Springhill, Nova Scotia, for two weeks, has returned home. Annie Mills and Lucy Ridley accompanied her.

Leroy and Pauline Smith called on Albert and Mary Fox this week.

Mr. and Mrs. Leroy Smith went to Pittsburg, N. H., on the week end. From Bethel up, the coloring was very pretty. Jack Bassett took care of the calves for them.

John and Ruth Fox are having a trip now.

Sunday started Fryeburg Fair. I am not planning on going, but I well remember as a child, how I used to enjoy it. At school, long before it came we talked of what we would see and do.

Very pretty coloring.

West Bethel —

— Mrs. Lona Gilbert, Corres. —

We are having lovely weather here so far in October. Sunday was a perfect day for the people who took the train trip from Portland to Island Pond, Vt. The train of 18 passenger cars stopped just above West Bethel village to allow the passengers to get off and view the mountains and surrounding country on the Androscoggin River, which flows between West Bethel and Northwest Bethel. Several people from West Bethel and surrounding towns were there to witness the arrival of the train. The foliage colors were at their peak in the mountains and elsewhere the past week end.

Mr. and Mrs. Clarence Rolfe took Mrs. Clara Rolfe, Mrs. Carla Bennett, and Mrs. Dorothy Graves on a foliage trip in the mountains Sunday afternoon. They visited Pinkham and Crawford Notches, Bethlehem, and the base station where the train leaves for the summit of Mt. Washington, Whitefield, N. H., some ski areas, and other places of interest.

Mr. and Mrs. George Stowell took a trip down the coast on the week end and visited their son, Peter, in Rockland, Sunday, after spending the week end in Belfast.
